(a) If notification is required by an order under 49 U.S.C. 30118(b) or is required under 49 U.S.C. 30118(c) and the manufacturer has provided to a dealer (including retailers of motor vehicle equipment) notification about a new motor vehicle or new item of replacement equipment in the dealer's possession, including actual and constructive possession, at the time of notification

that contains a defect related to motor vehicle safety or does not comply with an applicable motor vehicle safety standard issued under 49 CFR part 571, the dealer may sell or lease the motor vehicle or item of replacement equipment only if:

(1) The defect or noncompliance is remedied as required by 49 U.S.C. 30120 before delivery under the sale or lease; or

(2) When the notification is required by an order under 49 U.S.C. 30118(b), enforcement of the order is restrained or the order is set aside in a civil action to which 49 U.S.C. 30121(d) applies.

(b) Paragraph (a) of this section does not prohibit a dealer from offering the vehicle or equipment for sale or lease, provided that the dealer does not sell or lease it.

**§ 573.12 Prohibition on sale or lease of new and used defective and non-compliant motor vehicle equipment.**

(a) Subject to § 573.12(b), no person may sell or lease any new or used item of motor vehicle equipment (including a tire) as defined by 49 U.S.C. 30102(a)(7), for installation on a motor vehicle, that is the subject of a decision under 49 U.S.C. 30118(b) or a notice required under 49 U.S.C. 30118(c), in a condition that it may be reasonably used for its original purpose.

**§ 573.13 Reimbursement for pre-notification remedies.**

(a) Pursuant to 49 U.S.C. 30120(d) and § 573.6(c)(8)(i) of this part, this section specifies requirements for a manufacturer's plan (including general reimbursement plans submitted pursuant to § 573.6(c)(8)(i)) to reimburse owners and

## § 573.13

purchasers for costs incurred for remedies in advance of the manufacturer's notification of safety-related defects and noncompliance with Federal motor vehicle safety standards under subsection (b) or (c) of 49 U.S.C. 30118.

(b) Definitions. The following definitions apply to this section:

(1) *Booster seat* means either a backless child restraint system or a belt-positioning seat.

(2) *Claimant means* a person who seeks reimbursement for the costs of a pre-notification remedy for which he or she paid.

(3) *Pre-notification remedy* means a remedy that is performed on a motor vehicle or item of replacement equipment for a problem subsequently addressed by a notification under subsection (b) or (c) of 49 U.S.C. 30118 and that is obtained during the period for reimbursement specified in paragraph (c) of this section.

(4) *Other child restraint system* means all child restraint systems as defined in 49 CFR 571.213 S4 not included within the categories of rear-facing infant seat or booster seat.

(5) *Rear-facing infant seat* means a child restraint system that is designed to position a child to face only in the direction opposite to the normal direction of travel of the motor vehicle.

(6) *Warranty* means a warranty as defined in § 579.4(c) of this chapter.

(c) The manufacturer's plan shall specify a period for reimbursement, as follows:

(1) The beginning date shall be no later than a date based on the underlying basis for the recall determined as follows:

(i) For a noncompliance with a Federal motor vehicle safety standard, the date shall be the date of the first test or observation by either NHTSA or the manufacturer indicating that a noncompliance may exist.

(ii) For a safety-related defect that is determined to exist following the opening of an Engineering Analysis (EA) by NHTSA's Office of Defects Investigation (ODI), the date shall be the date the EA was opened, or one year before the date of the manufacturer's notification to NHTSA pursuant to § 573.6 of this part, whichever is earlier.

## 49 CFR Ch. V (10–1–23 Edition)

(iii) For a safety-related defect that is determined to exist in the absence of the opening of an EA, the date shall be one year before the date of the manufacturer's notification to NHTSA pursuant to § 573.6 of this part.

(2) The ending date shall be no earlier than:

(i) For motor vehicles, 10 calendar days after the date on which the manufacturer mailed the last of its notifications to owners pursuant to part 577 of this chapter.

(ii) For replacement equipment, 10 calendar days after the date on which the manufacturer mailed the last of its notifications to owners pursuant to part 577 of this chapter (where applicable) or 30 days after the conclusion of the manufacturer's initial efforts to provide public notice of the existence of the defect or noncompliance pursuant to § 577.7, whichever is later.

(d) The manufacturer's plan shall provide for reimbursement of costs for pre-notification remedies, subject to the conditions established in the plan. The following conditions and no others may be established in the plan.

(1) The plan may exclude reimbursement for costs incurred within the period during which the manufacturer's original or extended warranty would have provided for a free repair of the problem addressed by the recall, without any payment by the consumer unless a franchised dealer or authorized representative of the manufacturer denied warranty coverage or the repair made under warranty did not remedy the problem addressed by the recall. The exclusion based on an extended warranty may be applied only when the manufacturer provided written notice of the terms of the extended warranty to owners.

(2)(i) For a motor vehicle, the plan may exclude reimbursement:

(A) If the pre-notification remedy was not of the same type (repair, replacement, or refund of purchase price) as the recall remedy;

(B) If the pre-notification remedy did not address the defect or noncompliance that led to the recall or a manifestation of the defect or noncompliance; or

(C) If the pre-notification remedy was not reasonably necessary to correct the defect or noncompliance that led to the recall or a manifestation of the defect or noncompliance.

(ii) However, the plan may not require that the pre-notification remedy be identical to the remedy elected by the manufacturer pursuant to 49 U.S.C. 30120(a)(1)(A).

(3)(i) For replacement equipment, the plan may exclude reimbursement:

(A) If the pre-notification remedy did not address the defect or noncompliance that led to the recall or a manifestation of the defect or noncompliance;

(B) If the pre-notification remedy was not reasonably necessary to correct the defect or noncompliance that led to the recall or a manifestation of the defect and noncompliance; or

(C) In the case of a child restraint system that was replaced, if the replacement child restraint is not the same type (*i.e.*, rear-facing infant seat, booster seat, or other child restraint system) as the restraint that was the subject of the recall.

(ii) However, the plan may not require that the pre-notification remedy be identical to the remedy elected by the manufacturer pursuant to 49 U.S.C. 30120(a)(1)(B).

(4) The plan may exclude reimbursement if the claimant did not submit adequate documentation to the manufacturer at an address or location designated pursuant to § 573.13(f). The plan may require, at most, that the following documentation be submitted:

(i) Name and mailing address of the claimant;

(ii) Identification of the product that was recalled:

(A) For motor vehicles, the vehicle make, model, model year, and vehicle identification number of the vehicle;

(B) For replacement equipment other than child restraint systems and tires, a description of the equipment, including model and size as appropriate;

(C) For child restraint systems, a description of the restraint, including the type (rear-facing infant seat, booster seat, or other child restraint system) and the model; or

(D) For tires, the model and size;

(iii) Identification of the recall (either the NHTSA recall number or the manufacturer's recall number);

(iv) Identification of the owner or purchaser of the recalled motor vehicle or replacement equipment at the time that the pre-notification remedy was obtained;

(v) A receipt for the pre-notification remedy, which may be an original or copy:

(A) If the reimbursement sought is for a repair, the manufacturer may require that the receipt indicate that the repair addressed the defect or noncompliance that led to the recall or a manifestation of the defect or noncompliance, and state the total amount paid for the repair of that problem. Itemization of a receipt of the amount for parts, labor, other costs and taxes, may not be required unless it is unclear on the face of the receipt that the repair for which reimbursement is sought addressed only the pre-notification remedy relating to the pertinent defect or noncompliance or manifestation thereof.

(B) If the reimbursement sought is for the replacement of a vehicle part or an item of replacement equipment, the manufacturer may require that the receipt identify the item and state the total amount paid for the item that replaced the defective or noncompliant item;

(vi) In the case of items of replacement equipment that were replaced, documentation that the claimant or a relative thereof (with relationship stated) owned the recalled item. Such documentation could consist of:

(A) An invoice or receipt showing purchase of the recalled item of replacement equipment;

(B) If the claimant sent a registration card for a recalled child restraint system or tire to the manufacturer, a statement to that effect;

(C) A copy of the registration card for the recalled child restraint system or tire; or

(D) Documentation demonstrating that the claimant had replaced a recalled tire that was on a vehicle that he, she, or a relative owned; and

(vii) If the pre-notification remedy was obtained at a time when the vehicle or equipment could have been repaired or replaced at no charge under a manufacturer's original or extended warranty program, documentation indicating that the manufacturer's dealer or authorized facility either refused to remedy the problem addressed by the recall under the warranty or that the warranty repair did not correct the problem addressed by the recall.

(e) The manufacturer's plan shall specify the amount of costs to be reimbursed for a pre-notification remedy.

(1) For motor vehicles:

(i) The amount of reimbursement shall not be less than the lesser of:

(A) The amount paid by the owner for the remedy, or

(B) The cost of parts for the remedy, plus associated labor at local labor rates, miscellaneous fees such as disposal of waste, and taxes. Costs for parts may be limited to the manufacturer's list retail price for authorized parts.

(ii) Any associated costs, including, but not limited to, taxes or disposal of wastes, may not be limited.

(2) For replacement equipment:

(i) The amount of reimbursement ordinarily would be the amount paid by the owner for the replacement item.

(ii) In cases in which the owner purchased a brand or model different from the item of motor vehicle equipment that was the subject of the recall, the manufacturer may limit the amount of reimbursement to the retail list price of the defective or noncompliant item that was replaced, plus taxes.

(iii) If the item of motor vehicle equipment was repaired, the provisions of paragraph (e)(1) of this section apply.

(f) The manufacturer's plan shall identify an address to which claimants may mail reimbursement claims and may identify franchised dealer(s) and authorized facilities to which claims for reimbursement may be submitted directly.

(g) The manufacturer (either directly or through its designated dealer or facility) shall act upon requests for reimbursement as follows:

(1) The manufacturer shall act upon a claim for reimbursement within 60

days of its receipt. If the manufacturer denies the claim, the manufacturer must send a notice to the claimant within 60 days of receipt of the claim that includes a clear, concise statement of the reasons for the denial.

(2) If a claim for reimbursement is incomplete when originally submitted, the manufacturer shall advise the claimant within 60 days of receipt of the claim of the documentation that is needed and offer an opportunity to resubmit the claim with complete documentation.

(h) Reimbursement shall be in the form of a check or cash from the manufacturer or a designated dealer or facility.

(i) The manufacturer shall make its reimbursement plan available to the public upon request.

(j) Any disputes over the denial in whole or in part of a claim for reimbursement shall be resolved between the claimant and the manufacturer. NHTSA will not mediate or resolve any disputes regarding eligibility for, or the amount of, reimbursement.

(k) Each manufacturer shall implement each plan for reimbursement in accordance with this section and the terms of the plan.

(l) Nothing in this section requires that a manufacturer provide reimbursement in connection with a fraudulent claim for reimbursement.

(m) A manufacturer's plan may provide that it will not apply to recalls based solely on noncompliant or defective labels.

(n) The requirement that reimbursement for a pre-notification remedy be provided to an owner does not apply if, in the case of a motor vehicle or replacement equipment other than a tire, it was bought by the first purchaser more than 10 calendar years before notice is given under 49 U.S.C. 30118(c) or an order is issued under section 49 U.S.C. 30118(b). In the case of a tire, this period shall be 5 calendar years.
